Our services range from planning to execution of documentation and testing of a full range of control objectives. We also have a depth of experience in working with Section 404 of the Sarbanes-Oxley Act and other related requirements. Other advisory services we offer include assistance with 10-Q, 10-K and other public filings, assistance with implementation of new standards and research/review of unique or complex issues.

As members of the Public Company Accounting Oversight Board, SEC practice section of the AICPA, Financial Accounting Standards Board and other rule-making bodies, we maintain and adhere to the highest quality and service standards. Our most recent review completed by the PCAOB staff noted no findings.
