State & Local Taxes (SALT)

Armed with greater enforcement capabilities, states and municipalities are focused on the collection of income, sales and other taxes to offset challenging financial conditions. Businesses are often saddled with out-of-state taxes for past work done in other states and tax controversies can differ state to state.

Mountjoy Chilton Medley LLP's State and Local Tax (SALT) team stays up-to-date on tax law changes at all governmental levels. Our tax professionals can help your business avoid any unseen tax burdens and assist you with whatever tax challenges you may be facing.

MCM's SALT team is focused on problem solving, while also identifying potential tax incentives for your expanding business operations. Whatever opportunities exist for your business, MCM can identify them, and implement changes that allow you to maximize profits and minimize tax burdens.

Let our tax professionals' extensive knowledge of state and local tax issues help your company take advantage of opportunities to minimize tax controversy and stay in good standing with Uncle Sam.
