Service Organization Control (SOC) Examinations

Mountjoy Chilton Medley LLP's SOC Examination Services Team is comprised CPAs and information technology specialists, including several Certified Information System Auditors (CISA), with extensive SAS 70 examination experience.

Our team understands the challenges service organizations face in providing high-quality, consistent and uninterrupted services to their customers. We can provide guidance on planning for your examination and assistance in identifying and evaluating operational effectiveness of controls, while offering relevant and timely recommendations.

Annual controls testing and evaluation procedures training, as well as training specific to SOC examinations, keep our team abreast of the latest trends and techniques for performing an efficient and effective examination. Leveraging proprietary resources, our knowledgeable, unparalleled team of specialists performs hundreds of service organization control examinations annually.

Let MCM assist with your organization's examination and find out how we can help you improve your control environment.
